SENG202 2026 - Logged activity, feedback for cwi184 during Week 5

As part of SENG202, you are expected to log activity as you go. Logs must include a date, duration, activity type (as predefined by the teaching team) and a description.

The teaching team has defined weekly expectations they think are good guidelines to organize your work.

Activity	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Week 8	Week 9	Week 10	Week 11	Week 12
Project Documentation	3	5	4	4	1	0	1	1	0	1	1	0
Coding	0	1	1	2	3	3	3	2	3	3	2	0
Testing	0	0	0.5	1	1	1	1.5	2	2	2	2	0
Product Quality	0	0	0.5	0.5	0.5	1.5	2	2	2	2	1	0
Soft Skills	0.25	1	1	1	1	1	1	1	1	1	1	2
Meeting	1.5	1	1	1	1	1	1	1	1	1	1	0
Class	5	5	5	3	5	5	5	3	5	3	3	4

In this table,

- Testing = "Automated Testing" + "Manual Testing" ;
- Product Quality = "Fix" + "Refactor" + "Code Review" + "Technical Documentation" ;
- Soft Skills = "Demos" + "Empathy Exercise" + "Reflections".

Each week, the teaching team extracts data from Kimai corresponding to Monday 12AM of week x to Monday 12AM of week x+1. The extraction is done on Monday at 12 PM. After this date, logs that are added to the system are considered as fixes.

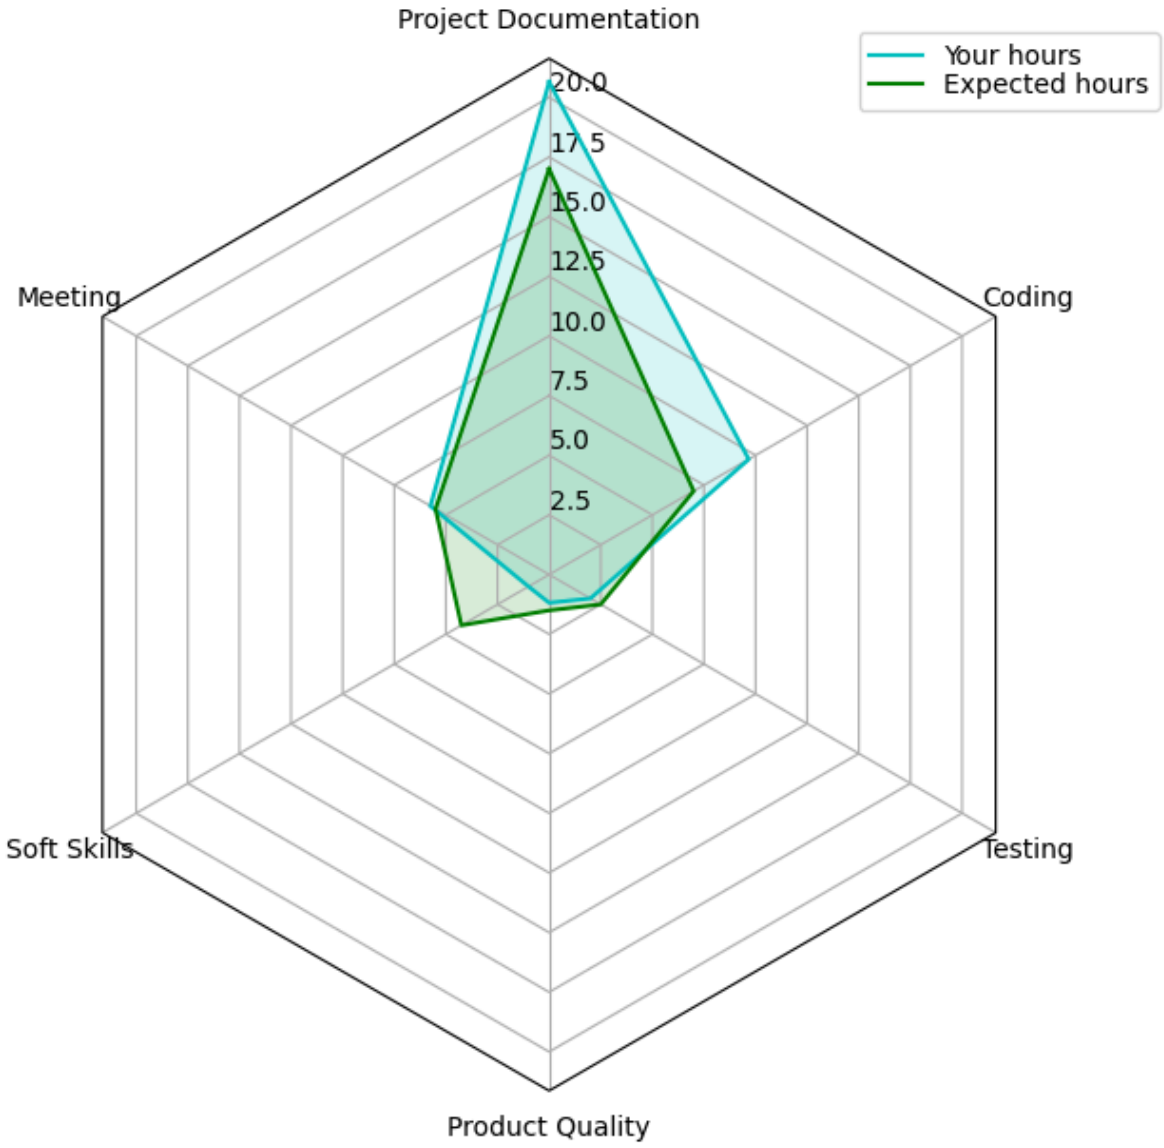

Hours spent on each activity, compared with expected hours

Here is a synthetic view of what you have logged during week 5

Hours spent on each activity, compared with expected hours (cumulative weeks)

Here is a synthetic view of what you have logged from week 1 to week 5

Warning: No reflection submitted this week
